Company Profile

Zoloto's world, as we humbly know and call it, is one with no boundaries - Flourishing, Adapting & Challenging. A world that holds various skills, ongoing innovations and is on its way of continuous & consistent growth with the Grace of God.

Founded in the Year 1966 and turning into a contemporary yet world class solution provider with manufacturing state of the art quality Valves and having a well-established ultra-modern Research & Development facility, we have made ZOLOTO not only an envisioned performer, but also a harbinger by setting world standards within the country in its own right.

ZOLOTO has earned an image of excellence and innovation by bringing to the market, superior & value engineered products with utmost emphasis on quality, reliability, ease of operation, and lifelong durability. ZOLOTO valves have an extremely broad installation base and are a preferred name for major Consultants, Contractors & Companies countrywide.

After joining hands with the country's top end spectrum of Valve users, we understand the high standards of Essence, Fidelity & Safety which the consumers require. With over Five decades of experience in Valve manufacturing, a highly proficient team of professionals along-with cutting edge technology, we are committed to deliver only the highest quality products, which we ensure will operate reliably for years to come.

While serving the nation in terms of plumbing needs of millions of condominiums in the Indian subcontinent, the company feels elated by adding extra mileage to the country's fast developing real estate sector. Our contribution to the plumbing industry in the form of being pro-active & innovative bears the stamp of unmatched quality. We take pride in mentioning that Zoloto was the First company in India to indigenously produce Forged Brass Ball Valve about Two decades ago. The overwhelming response from the market & fraternity inspired us to be the first ones again to develop Forged Brass Pressure Reducing Valve (Compact Design), as well.

CORPORATE OFFICE & WORKS

Apart from the Overseas Market, our nationwide spread out network of prestigious authorised stockists coupled with our professional back-up team support, in terms of Zonal offices in major 'A' class cities and Branch offices in prominent 'B' class cities continue to deliver effective & prompt services that we provide for all our products ensuring that we keep touching Lives Everyday.. Everywhere.

At ZOLOTO, we understand, our ongoing environmental responsibility to its core. With a desire of making our planet a greener place to live in, we have been taking pro-active measures like installing a requisite Sewerage Treatment Plant to recycle waste water for using the same to nurture various plantations and extensive tree plantations on a continual basis, thereby reducing our Carbon Footprint to the minimal. We strongly believe that when we "Heal the environment.. We heal ourselves."

Summing up here, we at ZOLOTO endeavour to keep persevering on our traditional strengths, humility and innovative zeal to fulfil our

vision of becoming a niche player in the valve industry who are dedicated to professionalism & excellence, while striving for the highest levels of satisfaction and delight for our worthy consumers.

“
We are very
Ordinary people,
with Extra Ordinary
determination

- Team Zoloto -

”

From the Chairman's Desk

It gives me immense pleasure and privilege in releasing the 5th edition of ZOLOTO's Catalogue while commemorating more than 50 years of dedication and service to the nation.

With the ineffable Grace of God, ZOLOTO has become a name to reckon and be associated with. Our collective dream of carving a small niche in the valve industry has been realised.

I extend my most profound blessings to everyone and appreciate you too as a member of the ZOLOTO family for your Loving & Loyal patronage, resulting in the strength of our company.

S.V Hans
Chairman

From the Vice Chairman's Desk

Feeling extremely humbled while looking back to the throbbing response Zoloto has received from YOU, the staunch loyalist and the Nation since last 3 decades. This has only been possible because of the solidarity, camaraderie and incessant hard work put in by our every Zoloto team mate.

With your continuous blessings, communion and guidance, we are indeed proud to share that Zoloto has constantly practiced thorough transparent corporate governance.

With the Grace of Almighty, Zoloto and its team is bestowed with incredible perseverance, passion, persistence and has the pride of continuously touching the lives of millions, everyday.. everywhere.

Namie Hans
Vice Chairman

From the President's Desk

An eventful, path-breaking and steadfast journey that ZOLOTO has gone through for more than 50 years, has built a sustainable corporate reputation founded on ethics, integrity and transparent principles along the way.

We believe that business does not come on its own, but it is the will, devotion & dedication of every team member that induces the same.

Our product basket is gradually & continuously upgrading to meet consumer preferences as we propel ourselves forward into a value-driven world based on the Bedrock principle of incorporating exceptional Quality into every Zoloto Product.

We are confident that in the years to come the company will add brighter & even greater lustre to its motto of "Product Satisfaction".

Ashu Hans
President

From the President's (Sales & Marketing) Desk

I acknowledge the strenuous efforts of our team for adopting its guiding principles to become a worthy organisation having a strong distribution footprint, reaching virtually the remotest parts of the country through our business partners.

We are strengthening our base and heading towards becoming the preferred manufacturing house by offering innovative & value engineered products and services.

We are confident that our collective "WILL TO WIN" will drive us to our ultimate goal of Consistent Quality & Customer Satisfaction.

Buntie Hans
President (Sales & Marketing)

From the Vice President's (Operations) Desk

I feel truly blessed under the able guidance of my worthy mentors with the vision of transforming and catapulting ZOLOTO to new heights.

With a perspective to move alongside time, we have now updated our print catalogue in addition to completely re-vamping our website focused on simplifying product content, product search while being more interactive and providing greater supporting resources.

Our deviant, unrelenting determination and ambitious plans to sustain our heritage and traditional values have to go hand in hand while expanding our product portfolio meant for garnering to a larger clientele.

At ZOLOTO, the belief has always been - "Bringing excellence in whatever we do is an ongoing Journey and not a Destination".

Karan Hans
Vice President (Operations)

ZOLOTO®

Bronze Globe Valve (Screwed)

HSN Code : 84819090

SALIENT FEATURES

- Screwed Female Ends to IS 554 / BS 21 / ISO 7.
- Screwed in Bonnet, Inside Screw, Rising Stem, Integral Seat.
- Designed sheet metal handwheel for a firm grip and convenient operation.
- Premium Quality PTFE Gland Packing.
- Medium Pattern.

ZOLOTO®

Bronze Gate Valve (Hex. Type) (Screwed)

HSN Code : 84818030

SALIENT FEATURES

- Screwed Female Ends to IS 554 / BS 21 / ISO 7.
- Screwed in Bonnet, Inside Screw, Non-Rising Stem, Integral Seat.
- Forged Brass Bonnet, Wedge, Stem and Gland Nut.
- Body designed for convenient fitting where space constraint is the factor.
- Designed sheet metal handwheel for a firm grip and convenient operation.
- Premium Quality PTFE Gland Packing.

SUITABLE FOR

MATERIALS

ZOLOTO®

Bronze Ferrule Cock (Heavy)

HSN Code : 84818020

SALIENT FEATURES

- Screwed Male Ends (Inlet to BSPT and Outlet to BSP) to IS 554 / BS 21 / ISO 7.
- Heavy Pattern, Rough Body, Full Flow.
- Metal to Metal contact seating.
- Can withstand heavy impact of water as well as tolerance of high sudden pressure.

ZOLOTO®

Bronze Horizontal Check Valve (Flanged)

HSN Code : 84813000

SALIENT FEATURES

- Flanged Ends to IS 778.
- Screwed in Bonnet, meant for Horizontal Lines Only.
- Permits flow in one direction and closes automatically if the flow reverses.
- Metal Disc is mushroom shaped with spherical seating surface.
- Disc is guided in Body as well as in Bonnet.
- Design Standard IS 778, Class 1.
- Also available with metal to metal seating.

ZOLOTO®

Bronze Compact Pressure Reducing Valve (Screwed)

HSN Code : 84811000

SALIENT FEATURES

- Screwed Female Ends to IS 554 / BS 21 / ISO 7.
- Piston operated, hence more reliable than a conventional diaphragm type PRV.
- Compact size, easy to install.
- Diaphragm-less, Piston Type.
- Demands low maintenance and virtually noiseless.
- Provided with Premium Quality Nitrile Rubber 'O' Rings.
- Facility provided to install a pressure gauge of 1/4" BSP size to gauge the critically relevant outlet pressure.
- Designed to suit every application requiring accurate pressure ratings.
- All 'O' rings are of superior food grade material, hence ensuring absolute zero health hazard.

SUITABLE FOR

MATERIALS

P.No.	Name of Part	Material of Construction	Specification	Qty.
1	Plug	Forged Brass	IS 6912 Gr. FLB	1

ZOLOTO®

Forged Brass Compact Pressure Reducing Valve (Screwed)

HSN Code : 84811000

SALIENT FEATURES

- Screwed Female Ends to IS 554 / BS 21 / ISO 7.
- Most ideal for sensitive and a consistent fluid regulation. Diaphragm-less, Piston Type.
- Piston-operated, hence more reliable than a conventional diaphragm type PRV.
- Rugged body, compact-sized, easy to install.
- Provided with Premium Quality Nitrile Rubber 'O'Rings.
- Demands low maintenance and virtually noiseless.
- Most of the critical working components have a distinct edge of being hot brass forged.
- Facility provided to install a Pressure gauge of 1/4" BSP size to gauge the critically relevant Outlet Pressure.
- Designed to suit every application requiring accurate pressure ratings. All 'O' rings are of superior food grade material, hence ensuring absolute zero health hazard.

ZOLOTO[®]

Bronze Globe Steam Stop Valve (Screwed)

I.B.R

HSN Code : 84818030

SALIENT FEATURES

- Screwed Female Ends to BSPT.
- Straight Pattern, Screwed in Bonnet, Inside Screw, Rising Stem.
- Provision for re-packing under pressure.
- Handwheel Operated.
- Premium Quality lubricated Gland Packing.
- Renewable 13% Cr. Stainless Steel (S.S 410) working parts.
- Heat treated body seat ring and disc for extended life.

ZOLOTO®

Bronze Sleeve Packed Water Level Gauge (Screwed)

I.B.R

HSN Code : 84818030

SALIENT FEATURES

- Screwed Male End to BSP.
- Automatic Shut Off Device in Water Arm.
- Set available for both, Right Hand and Left Hand operations.
- Premium Quality Sleeve, Reinforced by metallic eye holes provided to avoid any clogging of passage.
- Each piece is fitted with self adjusting inverted taper plug (Stainless Steel) which forms a seal in the renewable moulded asbestos sleeve.
- Sleeve can easily be positioned by a rib which fits in the corresponding groove of the body.

Note : Glass Tube is not provided with this product.

ZOLOTO®

Bronze Parallel Slide Blow Off Valve
(Flanged)

I.B.R

HSN Code : 84818030

SALIENT FEATURES

- Flanged Ends to BS 10 Table 'H'.
- Maintains fluid tightness and easy in operation because of sliding action of discs.
- Discs are kept in close contact with body rings by means of a spring when the valve is under pressure.
- Premium Quality lubricated Gland Packing.
- Bolted Bonnet.
- Valve is operated by means of Rack and Pinion arrangement, in such a manner that valve is opened fully with half turn of the box key, provided alongwith.
- Gland forms a locking guard which prevents removal of the key unless the valve is closed

ZOLOTO®

Cast Iron Globe Steam Stop Valve Straight Pattern
(Flanged)

I.B.R

HSN Code : 84818030

SALIENT FEATURES

- Flanged Ends to DIN 2533 PN 16RF.
- Straight Pattern, Outside Screw, Yoke Type, Rising Stem.
- Renewable 13% Cr. Stainless Steel (S.S 410) working parts.
- Provision for re-packing under pressure.
- Minimum pressure drop inside the body due to streamlined body design.
- High lift of the seat to avoid any obstruction in the flow.
- Sturdy and comparatively bigger sized wheel provided to give sufficient torque for easy operation.

ZOLOTO®

Cast Steel Globe Steam Stop Valve (Flanged)

I.B.R

HSN Code : 84818030

SALIENT FEATURES

- Flanged Ends to DIN 2545 PN 40.
- Straight Pattern, Outside Screw, Yoke Type, Rising Stem, Bolted Bonnet.
- Renewable 13% Cr. Stainless Steel (S.S.410) working parts.
- Minimum pressure drop inside the body due to streamlined body design.
- Handwheel Operated.
- Provision for re-packing under pressure.
- Suitable for thermic fluid application also.

SUITABLE FOR

ZOLOTO®

Cast Steel Y-Type Strainer (Flanged)

I.B.R

HSN Code : 84818030

SALIENT FEATURES

- Flanged Ends to BS 10 Table 'J'.
- Stainless Steel (S.S 304) perforated sheet screen (Ø1 mm Perforation) is guided in body and cover.
- Drain Plug to remove the accumulated foreign particles.
- Fine finish and smooth contours to minimize pressure drop inside the strainer.
- Large screening area makes the strainer more efficient.
- Suitable for thermic fluid application also.

- Wafer Type.
- Lever Operated.
- S.G Iron construction.
- S.G Iron disc which is accurately guided between the two stems.
- Integrally moulded rubber lining (EPDM / Nitrile / Neoprene* / Viton* / Silicon*) as per requirement

which provides seating to the valve disc, as a primary seal to the stem and gasket joint with matching pipe flanges.

- Two Piece Stem design which is precisely guided between the PTFE / Bronze bushes.
- Compatible to sandwich between flanges as per BS 10 Table D, E, F, H, DIN, PN 10, PN 16, PN 25, PN 40, ASA 150, ASA 300, IS 778, IS 6392 Table 17 & IS 1538.

ZOLOTO®

Butterfly Valve (Wafer Type), PN 10 with Pneumatic Actuator

HSN Code : 84818030

SALIENT FEATURES

- Design Standard IS 13095 / BS EN 593 (BS 5155).
- Wafer Type.
- Double Acting Pneumatic Actuator Operated.
- S.G Iron construction.
- Stainless Steel (CF8 / CF8M*) Disc which is accurately guided between the two stems.
- Actuator is with position indicator and adjustable center stopper for both open and closed position.
- Scotch Yoke Technology as the most suitable mechanism for valve and damper operation, producing higher torque at both end positions.
- Actuator is without Rack and Pinion for smooth operation & longer life. - Integrally moulded rubber lining (EPDM / Nitrile / Neoprene* / Viton* / Silicon*) as per requirement which provides seating to the valve disc, as a primary seal to the stem and gasket joint with matching pipe flanges.

Butterfly Valve (Wafer Type), PN 10 with Electrical Actuator

HSN Code : 84818030

SALIENT FEATURES

- Design Standard IS 13095 / BS EN 593 (BS 5155).
- Wafer Type. Electrical Actuator Operated.
- S.G Iron construction.
- Stainless Steel (CF8 / CF8M*) Disc which is accurately guided between the two stems.
- Actuator is with position indicator and adjustable center stopper for both open and closed position.
- Input Voltage - 24/230 V power supply.
- Compliant with B.M.S (Building Management System).
- Can be provided with extended wire for ease of installation.
- IP 67 protection available for outdoor application.
- Inbuilt micro switch position feedback.
- Integrally moulded rubber lining (EPDM / Nitrile / Neoprene* / Viton* / Silicon*) as per requirement which provides seating to the valve disc, as a primary seal to the stem and gasket joint with matching pipe flanges.

 - Integrally moulded rubber lining (EPDM / Nitrile / Neoprene* / Viton* / Silicon*) as per requirement
- which provides seating to the valve disc, as a primary seal to the stem and gasket joint with matching pipe flanges.
- Two Piece Stem design which is precisely guided between the PTFE / Bronze bushes.
 - Compatible to sandwich between flanges as per BS 10 Table D, E, F, H, DIN, PN 10, PN 16, PN 25, PN 40, ASA 150, ASA 300, IS 778, IS 6392 Table 17 & IS 1538.

ZOLOTO®

Butterfly Valve (Wafer Type), PN 25
with S.S 304 Disc - Gear Operated

HSN Code : 84818030

SALIENT FEATURES

- Design Standard IS 13095 / BS EN 593 (BS 5155).
 - Wafer Type.
 - Gear Operated.
 - S.G Iron construction.
 - Stainless Steel (CF8 / CF8M*) Disc which is accurately guided between the two stems.
 - Integrally moulded rubber lining (EPDM / Nitrile / Neoprene* / Viton* / Silicon*) as per requirement
- which provides seating to the valve disc, as a primary seal to the stem and gasket joint with matching pipe flanges.
- Two Piece Stem design which is precisely guided between the PTFE / Bronze bushes.
 - Compatible to sandwich between flanges as per BS 10 Table D, E, F, H, DIN, PN 10, PN 16, PN 25, PN 40, ASA 150, ASA 300, IS 778, IS 6392 Table 17 & IS 1538.

Cast Iron Sluice Valve PN 1.0 (Flanged)

HSN Code : 84818030

SALIENT FEATURES

- Design Standard IS 14846 PN 1.0.
- Bolted Bonnet, Inside Screw, Non-Rising Stem.
- Rigid and Sturdy design.
- Handwheel Operated.
- Flange Ends as per IS 1538.

Note : Also available with Brass Spindle at a nominal extra cost.

ZOLOTO®

Cast Iron Dual Plate (Wafer Type) Check Valve, PN 16

HSN Code : 84813000

SALIENT FEATURES

- Design standard API 594.
- Wafer Type Design, to take lesser space than the conventional Check Valve.
- Being light in weight, is more rigid than the standard Swing Type Check Valve, which needs expensive foundation and special supports.
- Being cylindrical body, stresses are uniformly distributed.
- Much longer seat life because of Bronze / S/S to Rubber contact.
- Less wear and tear of seat surfaces.
- End connections are designed to suit flanges drilled to ANSI B Class 125 / ASME B16.5 Class 150.
- Water hammering effect is minimized in this design, since the closing of valve does not depend upon any back pressure or flow.

SUITABLE FOR

MATERIALS

P.No.	Name of Part	Material of Construction	Specification	Qty.
1	Body	Cast Iron	IS 210 Gr. FG 200	1
2	Body Lining	Nitrile Rubber	IS 5192 - 1	1

12	300	181	406	324
14	350	184	451	357

- Each plate being half of the size of the swing check valve disc, provides straight flow path offering minimal resistance because of the spring's assistance as closing of the valve initiates as soon as flow velocity dips below the designated minimum velocity.

Test Pressure (Hydrostatic) - Shell : 24.50 kg/cm²g (350 psig) - Seat : 16 kg/cm²g (230 psig)

ZOLOTO®

Cast Iron Y-Type Strainer, PN 10 (Flanged)

HSN Code : 84818030

SALIENT FEATURES

- Flanged Ends to BS 10 Table 'F'.
- Stainless Steel (S.S 304) perforated sheet screen (Ø3 mm Perforation) is guided in body and cover.
- Large screening area makes the strainer efficient in performance.
- Minimum pressure drop inside the body due to streamlined body contours.

Bronze Double Regulating Balancing Valve (Screwed) with Nozzle

HSN Code : 84818030

SALIENT FEATURES

- Design Standard BS 7350.
- Screwed Female Ends to IS 554 / BS 21 / ISO 7.
- Precise double regulation.
- Tamper proof setting with a lock shield.
- PTFE sealing disc to ensure a proper shut off.
- Provided with Inlet / Outlet pressure test cocks.
- Facilitates system design, hence saves energy.
- Handwheel Operated
- Easy to install and set.
- Accentuates systematic commissioning of the plant for an optimal operation.

Cast Iron Double Regulating Balancing Valve (Flanged) with Nozzle

HSN Code : 84818030

SALIENT FEATURES

- Design Standard BS 7350.
- Precise double regulation.
- Tamper proof setting.
- Handwheel Operated.
- Low noise flow.
- Can be made available with or without drain cocks.
- Flanged ends to BS 4504 Section 3.2 PN 16.
- EPDM Rubber sealing for a soft shut off.

ZOLOTO®

Cast Steel Three Piece Design Ball Valve,
Class-150 (Flanged)

HSN Code : 84818030

SALIENT FEATURES

- Design Standard BS EN ISO 17292 (BS 5351).
- Flanged Ends to ASME B16.5 Class-150 (Drilled).
- Three Piece Design.
- Superb in Quality and Performance.

SUITABLE FOR

ZOLOTO®

Cast Steel Sleeve Packed Water Level Gauge (Flanged)

I.B.R

HSN Code : 84818030

SALIENT FEATURES

- Flanged Ends to BS 10 Table 'J'.
- Automatic Shut Off Device in Water Arm.
- Available for both, Right Hand and Left Hand.
- Premium Quality Sleeve, Reinforced by metallic eye holes is provided to avoid any clogging of passage.
- Each piece is fitted with self adjusting inverted taper plug (Stainless Steel) which forms a seal in the renewable moulded asbestos sleeve.
- Sleeve can easily be positioned by a rib which fits in the corresponding groove of the body.

Note : Glass Tube is not provided with this product.

ZOLOTO®

Cast Steel Parallel Slide Blow Off Valve (Flanged)

HSN Code : 84818030

SALIENT FEATURES

- Flanged Ends to BS 10 Table 'J'.
- Maintains fluid tightness and is easy in operation because of sliding action of discs.
- Discs are kept in close contact with body rings by means of a spring when the valve is under pressure.
- Premium Quality lubricated Gland Packing, Bolted Bonnet.
- Valve is operated by means of Rack and Pinion arrangement, in such a manner that valve is opened fully with half turn of the box key, provided alongwith.
- Gland forms a locking guard which prevents removal of the key unless the valve is closed.

Bronze Landing (Fire Hydrant) Valve (Flanged)

HSN Code : 84818030

SALIENT FEATURES

- Design Standard IS 5290.
- Conforming to Type A specification.
- Screwed in Bonnet having instantaneous coupling with single outlet.
- PTFE Gland Packing for longer life and smooth operation of stem.
- Large flow way area to get full flow of water.
- Leakage proof by virtue of elastomer seat.
- Smooth operation of blank cap for quick mounting of water pipe.
- Life long rust free service.

Forged Brass Air Release Valve (Screwed)

HSN Code : 84818090

SALIENT FEATURES

- Screwed male end as per IS 554 / BS 21 / ISO 7.
- Chrome plated forged brass body and cover.
- Full bore.
- Sleek in design, ease of installation.
- Useful device used to release entrapped air in any piping system.
- Smooth inner valves reduce pressure loss.
- Maintains system flow efficiency.
- Brilliant aesthetic look.
- Ergonomic design.

Notes

- Flanged Valves are generally supplied undrilled, unless & until specified by the buyer.
- (a) ZOLOTO's Bronze and Brass Forged (All Water line Non-Ferrous) Valves, carry lifetime warranty against any manufacturing defect.
(b) However, all Ferrous Valves irrespective of their application and Non-Ferrous Valves, which are meant to be used for steam application are guaranteed for free replacement against any manufacturing defect for 18 months from the date of invoice or 12 months from the date of installation, whichever ends earlier.
- Each I.B.R Valve can be supplied with a test certificate on Form III C issued by the Director of Boilers, Punjab or any other inspecting authority duly recognized by the Indian Boiler Regulations.
- Please insist for a Material Test Certificate / Drawing (s) of the product (s) as these can very well be provided with the goods.
- Threads to NPT / BSPT or any other standard can also be provided on Customer's demand.
- Valves with Customer's Specifications / Drawings can also be supplied.
- Maximum working temperature for I.B.R Products in Bronze is 225°C, Cast Iron 220°C, for Cast Steel, Forged Steel & Stainless Steel products please refer to the 'Pressure Temperature Rating' table above.
- The shell test pressures and working pressures given in the Catalogue are depicted at an ambient temperature.
- The maximum working temperature for Valves having Rubber Components is 90°C.
- The maximum working temperature for Valves having Teflon Seating is 220°C.
- Valves are recommended only for those Gases & Fluids, which do not react with the material of construction of those specific Valves.
- Gate, Globe, Check & Ball Valves with soldered ends are also available at a nominal extra price.
- Cast Steel & Forged Steel Valves can also be provided with Stellite seating at a nominal extra price.
- In a rare event, there may be variation in Standards / Properties of the materials used as stated, without compromising anywhere on quality and functioning of the product.
- All pressures depicted in psig from its equivalent units in kgs and vice-versa have been rounded off only for convenience.
- Owing to our ever continuous product development, dimensions & materials are subject to change without any prior notice, please.
- Following articles have been discontinued henceforth.
1015, 1016, 1017, 1020, 1021, 1022, 1023, 1024, 1025, 1026, 1027, 1028, 1029, 1030, 1040, 1051, 1056, 1057, 1058, 1059, 1060, 1061, 1062, 1078E, 1079, 1079D & 1080.

Disclaimer

Due Diligence and utmost care has been taken while compiling the HSN Codes of the products. However, legal opinion should essentially be taken from your consultants(s) before implementation of the same in your own system of working.

Enjoying Benefaction

Zoloto Valves reputed for their unique features and exclusive quality, enjoy wide approval and active patronage of numerous Government & Semi-Government Departments, Eminent Industrial Houses, Consultants and Builders, only a few of whom are listed below for general information.

- Engineers India Limited (EIL)
- Hindustan Petroleum Corporation Limited (HPCL)
- Toyo Engineering India Limited
- Projects & Development India Limited (PDIL)
- Indian Farmers Fertiliser Cooperative Limited (IFFCO)
- Steel Authority of India Limited (SAIL)
- Jindal Steel & Power Limited
- Bharat Petroleum Corporation Limited (BPCL)
- Indian Oil Corporation Limited (IOCL)
- National Thermal Power Corporation Limited (NTPC)
- Reliance Industries Limited (RIL)
- ESSAR
- Rajiv Gandhi Thermal Power Plant
- Andhra Pradesh Power Generation Corporation Limited
- Nuclear Power Corporation Limited (NPCL)
- Mangalore Refinery and Petrochemicals Limited (MRPL)
- Oil & Natural Gas Corporation Limited (ONGC)
- Damodar Valley Corporation
- Bhushan Power & Steel Limited
- Hindalco Industries
- Adani Power Limited
- Directorate General of Married Accommodation Project (DG MAP)
- ACC Limited
- Larsen & Toubro Limited (L&T)
- Simplex Infrastructures Limited
- Lanco Infratech Limited
- Patanjali Ayurved Limited
- The India Cements Limited
- Nuvoco Vistas Corporation Limited (formerly Lafarge India Limited)
- Ordinance Factory, Kanpur
- The Kerala Minerals and Metals Limited
- Travancore Cements Limited
- Chattisgarh State Electricity Board
- Ansal Housing & Construction Limited
- Hindustan Zinc Limited
- GMR Group
- Indian Railways (IREPS)
- NCC Limited
- B. G. Shirke Construction Technology Private Limited
- Pune Municipal Corporation
- Maharashtra Jeevan Pradhikaran
- Gujarat Water Supply & Sewerage Board
- Siemens Limited
- Rajasthan Housing Board
- PWD & PHED, West Bengal
- Public Health Engineering Department (PHED), Jaipur
- Public Health Engineering Department (PHED), Bihar
- Military Engineering Services (MES)
- Brihanmumbai Municipal Corporation (BMC)
- New Delhi Municipal Corporation
- Tamil Nadu Public Works Engineering Corporation Limited
- Water Supply and Sewerage Board, Kathmandu, Nepal
- National Federation of Cooperative Sugar Factories Limited
- SQCA, Bhuban
- Mankind Pharma Limited
- Alkem Laboratories Limited
- Bhartiya Rail Bijlee Company Limited (BRBCL)

Our Sales & Marketing Office Spread Out

Team **ZOLOTO**,
always at your Beck & Call.

*When the Well runs Dry,
we will know the worth of Water.*

ZOLOTO

*Serving the Nation for more than 5 Decades,
very humbly urges you, to conserve Water ...
for the future generations.*
